

CRANSLEY HOSPICE
9TH ANNUAL
10K & HALF MARATHON
SPONSOR FORM
SUNDAY 20 SEPTEMBER 2009

Cransley Hospice, Kettering was opened in November 1998 by Earl Spencer and now has nine beds. It is also the base for the community Macmillan Nurses who work closely with the Marie Curie Nurses, local G.Ps and District Nurses. The team of specialist nurses and doctors based within the Hospice provides a comprehensive service of care to the patient for whose illness cure may no longer be an option, be they in the Hospice itself, the local Hospitals or in their own homes. The Hospice serves the area of North Northamptonshire, with a population of 290,000. Funding by the National Health Service underpins the service provided. However, the Hospice now relies on £60 every hour, almost £1,500 per day, which equates to £500,000 per year, by charitable donations and fundraising activities to sustain the quality of care at a vastly enhanced level.

Please sponsor this runner and help to raise funds for
Cransley Hospice
