

## Sanctum 2000 Vault

The Sanctum 2000 Vault is specifically designed to accommodate up to two sets of cremated remains above ground. The Vault is then secured using a large granite tablet on which inscriptions can be made. It is possible to include photos and motifs. This memorial is leased on a 3 year basis. If a family no longer wishes to renew the lease, the remains can be removed and a different option for laying them to rest can be chosen. (The memorial includes a vase for flowers.) Other mementoes may be placed on the memorial as long as they are kept on the granite base and do not intrude on any other memorials. The Sanctum 2000's are located in the memorial garden at the top of the Crematorium site. We will contact you shortly before the lease period ends to renew the lease or take the plaque away. If cremated remains are not claimed after six months of expiry of the lease, Bereavement Services will scatter the cremated remains upon the memorial lawns.

Please inform the Crematorium Office if you change address so that you can be contacted when the lease period expires. It can take up to approximately 12 weeks from the placing of your order to inscribe the tablet. You will be notified when the tablet is ready so that you can be present when the cremated remains are sealed behind the tablet if desired. Please make cheques/postal orders payable to Kettering Borough Council. For full payment options please visit [www.kettering.gov.uk](http://www.kettering.gov.uk)

---

In order that the inscription will fit onto the tablet, please note the following information:

---

1. Inscriptions use larger letters for names so only 18 letters and spaces can fit on one line shown by the thick line in the table above. Please note there is only enough height for 3 name lines. If you need more space for names you must use fewer lines.
2. The remainder of the inscription uses smaller letters so you can use 25 letters and spaces.
3. Do not forget to include the spaces on your inscription. A space counts as a letter or number.
4. We will centre the text on the tablet; this guide box is only an aid to your choice of inscription.
5. Do not write in the shaded boxes as this is where the fixing holes go.
6. Please write clearly in block capitals - *we cannot accept responsibility for mistakes caused by writing that is not clearly readable.*
7. If the application is returned to us for whatever reason we cannot be held responsible for any delays in the processing of the plaque.
