KETTERING BOROUGH COUNCIL

NOTICE OF REVIEW OF POLLING DISTRICTS AND POLLING PLACES

A review is being conducted of polling districts and polling places used for elections within the area of the Borough of Kettering and the existing Kettering Parliamentary Constituency.

A report has been compiled by the (Acting) Returning Officer in respect of all of the polling districts, polling places and premises currently used as polling stations. Copies of which are available from the Electoral Services Manager (see details below) or on the Council’s website at www.kettering.gov.uk.

A further report that will make a comment on proposed polling stations, and an indication of when and where the (Acting) Returning Officer’s representations will be made available, will also be published after all comments have been received and will also be available as detailed above and below.

The Council would welcome the views of electors within the authority or the Parliamentary constituency particularly disabled residents who may make representations on the authority’s proposals, the (Acting) Returning Officer’s representations or any matters in respect of this report or any other matter relating to the review. Persons or bodies making representations should, if possible, identify alternative places that can be used for polling.

Comments and representations may be made up until 31st July 2019

For further information or to obtain copies of the report, please contact

Ian White
Electoral Services Manager
