Tests of Soundness
Do you consider the Local Plan is sound in terms of being:

  Justified
  Effective
  Positively prepared
  Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

    The new plan replacing Policy 10 is reducing the protection from development on Cransley and Thorpe Malsor reservoirs.
    Both are special wildlife sites which need protection from development.
    I bought Thorpe Malsor Reservoir some 25 years ago for conservation in order to protect the wildlife. The reservoir is surveyed each month by a volunteer from British Trust of Ornithology under the Wetland Bird Survey plan and the records kept and available for perusal. It is a special habitat for wildfowl both overwintering and breeding.
    The sites should continue to be protected from development.
