Tests of Soundness
Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Proposed Actions/Changes
Please explain what changes or actions are needed to make the Local Plan legally compliant.
Biodiversity Net Gain is not explicitly defined within the plan, or committed to. We advise your authority that Biodiversity Net Gain should have its own policy, and that the type of net gain being referred to is clarified throughout the Plan. We advise this particularly in light of the SA conclusions, which rely on the provision of biodiversity net gain to conclude the plan will achieve a “significant positive effect”.
