Tests of Soundness
Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

I have received information to the effect that Policy 10 is to have important changes made to it in the near future, to the detriment of our local wildlife and community.

As you are aware, Policy 10 has been in the Local Plan since 1995, and proved useful in protecting the very necessary natural wildlife corridor in this area. I understand that both Cransley and Thorpe reservoirs will be adversely affected by these changes too, and this is a great concern us and the community.

Both my wife and I would like to express our opposition to these changes, as we feel that any ‘watering down’ of protections to both reservoirs and wildlife is against the interests of the people, environment, and our community.
