Tests of Soundness

Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

We have received information regarding the possible change to Policy 10 and I am writing to request that Policy 10 is retained for Cransley Reservoir and Thorpe Malsor and the protection that it gives to these areas. This is an area of important environmental and wildlife activity, a naturally beautiful area, and would be hugely damaging to the local area if lost. There should be no reasons allowable that would lead to this area being damaged or the local wildlife lost and Policy 10 is essential to help protect this area.
