Tests of Soundness

Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

I would like to retain policy 10 for the benefit of the protection it gives to Cransley and Thorpe reservoirs. These are areas of vital importance to wildlife and of considerable value to local residents like myself. I meet many, many people walking in the area who take a keen interest in the resident and migratory birdlife, the wild animals encountered on almost every walk, the flora and the incredible scenery. Any reduction in the protection offered to these areas would be scandalous. Policy 10 seems to have been working quite well for the last 25 years and I can see no benefit in discarding it.
