Tests of Soundness
Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

We would like to retain Policy 10, the protection it gives Cransley and Thorpe reservoirs.
They are beauty spots, close to Kettering and are connected by the footpath network. They are also part of an important wildlife corridor that stretches from Mawsley Marsh (a SSSI) to Cransley Reservoir (a Local Wildlife Site) and onto Thorpe Reservoir. Wetland birds (both migratory and British residents) are able to use this interconnecting resource for feeding, nesting and raising young. Policy 10 has stood the test of time, has been accepted and valued as an important planning policy tool and is much needed, going forward, to protect a very significant part of our local green infrastructure.
