Tests of Soundness

Do you consider the Local Plan is sound in terms of being:

Justified
Effective
Positively prepared
Consistent with National Policy

Reasons

Please give the reason(s) why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the statutory Duty to Cooperate.

I live in Thorpe Malsor, with my husband and three children. We hear that our Local Plan is going to be updated and Policy 10 potentially replaced.

We don’t know much about the political side of it, but we love the reservoirs near here and walk down to Cransley Reservoir several times a week. There are incredible wild birds on both reservoirs and we are concerned, particularly with the large amount of development in Kettering, that these will be under threat. The walks and wildlife are is not just enjoyed by locals, but many people from Kettering and Corby who drive here to enjoy it.

We urge you to do whatever you can to give every protection possible to these wonderful natural habitats and certainly not decrease the protection.
