Dear Resident,

your Neighbourhood Plan is nearing completion ready for the start of the formal process of examination, consultation, referendum and ultimately its adoption.

This process is delayed temporarily in line with Government guidance in combating coronavirus. There are a number of things we must continue to prepare but the referendum itself may not now take place until after May 6th 2021.

In the meantime the formal recognition of our Neighbourhood Forum is approaching the end of its original five year term and must be renewed by October this year.

For those residents who are not, or not yet Forum members we would welcome your support in any case and to receiving any comments you may have regarding our efforts to establish our Neighbourhood Plan,

Harry Frankland

The Forum acts on behalf of residents, businesses and people who work in the area in driving the establishment and monitoring of our Neighbourhood Plan. Membership is open to all and if you would like to join please contact the Secretary either via the Neighbourhood website or in writing.
