Introduction

Use classes A, B and D will no longer exist. A new class E (commercial, business, and service) will be created. This subsumes A1 (shops), A2 (financial and professional services), A3 (restaurants and cafes) and B1 (business), along with uses for indoor sport, recreation or fitness, or for the provision of medical or health service or for a crèche, day nursery or day centre, where principally to visiting members of the public.

New classes F.1 (learning and non-residential institutions) and F.2 (local community) subsume some uses formerly in D1 and D2. F.2 also includes shops mostly selling essential goods, including food, to visiting members of the public (in certain circumstances).

The list of uses not included in any class is expanded to include uses formerly in A4 (drinking establishments) and A5 (hot food takeaways), and some uses formerly in D1 and D2 including cinemas and venues for live music performance.
