#### Which Main Modification, change to the Policies Map or section of the Sustainability Appraisal Report Addendum or Habitat Regulations Assessment Addendum does your comment relate to?

Amendments to Braybrooke's Green spaces

Please use a separate form for each representation.

#### Representation

Braybrooke's green spaces are of significant environmental and ecological importance. The green space behind our house is left to grow wild and has wild bee hives, numerous species of birds, munt Jack's and other wildlife. Other areas of green space are used for village events, picnics etc and are enjoyed by the children and adults of the village alike. We must keep these areas protected to ensure the community and beauty of the village remains without risk of development or change of use.
