#### Representation

I understand why the Inspector has made her critical comment and the action of KBC in withdrawing LGS from the Local Plan at this very late stage as the least worst outcome. I note that this is due to fault in the process of the Local Plan preparation. The substantive issue for Braybrooke however, is that its Green Spaces are at the heart of the village and are vital for its sense of place and identity. I think that both the Inspector and KBC should reflect on the decision and reinstate the LGS in Braybrooke in the Local Plan in order that they can benefit from the protections offered by it. To fail to do so could result in the alienation of the community from the planning process at a time when engagement is required in it in order to progress the Braybrooke Neighbourhood Plan.
