The target for Policy GRC1 at table 15.1 on page 169 of Schedule of Proposed Main Modifications "*Delivery of traffic calming measures along Loddington Road*" is deleted and replaced with N/A. However, the Objective; "*To ensure that development in Great Cransley is of a suitable scale and character*" and the Indicator; "*Progress towards the provision of traffic calming along Loddington Road*" remain.

It seems unusual to have an Objective and Indicator for Policy GRC1 but no Target. Whereas traffic speeding through the village has been shown to be the number 1 concern of residents including the most recent village survey, this Major Modification gives the impression that the priority for this much needed road safety improvement has been downgraded without any consultation or supporting evidence.
