I refer to your proposal to delete the land known as HV1027, HV1028 and HV1054 from their current status of Historically and Visually Important Green Space, situated in our beautiful village of Loddington.

I strongly object to these proposals for the following reasons:

- All these pieces of land have had this status on them because they clearly ARE visually and important open spaces.
- They are integral to the existing form, character and appearance of our village.
- They all contribute to the setting of the listed buildings in the village including the Grade II listed St. Leonard's Church.

I am dismayed at the council for even considering these changes.
