Representation

We, like the majority of residents of Loddington, wish to express our concerns regarding the proposed deletion of the designated areas of Historically and Visually Important Local Green Space Reference Numbers HVI027, HVI028 and HVI054.

Loddington is a beautiful, small and historic village with a large percentage of Conservation Areas and Listed Buildings, and all three of these HVILGS are demonstrably special to the community because of their beauty, historical significance and tranquility.

It is difficult therefore, to understand why the proposed removal of these benefits is now considered to be necessary, or justifiable? Such significantly important pieces of land should be afforded as much protection as possible in order that they may continue to be enjoyed for future generations.
