With reference to site numbers:

HV1027

HV1028

HV1054

in Loddington.

When the current owner of site HV1028 moved into Loddington, it was understood that he wished to keep this as a conservation area which is, of course, of vital importance.

HV1027 is Church land - the heart of the village and must be left undisturbed.

HV1054 has what we supposed to be listed trees growing on it.

The people in this village fear any alternations to the current status of these sites would result in planning applications for building which would be totally unacceptable.
