I understand that Kettering Borough Council's Local Plan has changed removing the protection against development to the local green spaces namely a broad swathe of gardens and paddocks running through the centre of Braybrooke.

While new development may be necessary, using the central swathe of green would greatly alter the character of the village removing the feel of clusters of homes set in the countryside which is both visually and historically part of what Braybrooke is about and which I, as a resident of 16 years, very much appreciate. The areas also provide a natural corridor for wildlife through the village and has been used as a central point for activities such as the village fete over the years. I would therefore strongly oppose the removal of protection from development from these areas while appreciating that development may be needed elsewhere in the village.
