We strongly object to the proposed changes to the LGS's in Braybrooke. These green spaces are highly valued by the local community and form part of the character of Braybrooke. They do fall into criteria as set out in the NPPF for designating LGS's, as they are close to the community, hold local historic significance, add to the tranquillity of the village, supports a diversity of wildlife and is local in character. Therefore, they should continued to be designated as LGS's.
