6 Gunnell Close, Kettering

No update.

5.7 **KET/2017/0751**

Dairy Farm, Butchers Lane, Pytchley

Following publication of the Committee Agenda the Members were sent additional Plans for their Information. The dwellings shown on the plans were much the same as those seen on the drawing within the Committee Agenda aside from some variance to the window detailing with plots 1 and 2 showing brick detailing with a tiled cill and plot 3 indicating cast stone detailing. The garage plan provided showed double side hung timber doors with an opening width of 2.5m.

For clarity these drawings were considered when the Officer compiled the recommendation as listed in the drawings schedule associated with the agenda item and have been provided to the Members so that they have all the information relating to the proposal when coming to reach a decision.

As such no additional information or comments have been provided that would sustain a departure from the Approval (subject to conditions) recommendation laid out in the Agenda under this item.
