Implications of New National Planning Policy Framework Refer to this section in the 'Rural Area' chapter summary sheet.
Summary of officer comments Land north of Matthew Close is already designated as a Pocket Park, and is protected through Policy 7 of the JCS. The proposed settlement boundary excludes the Pocket Park. Development outside of the settlement boundary is resisted unless it is in accordance with the Rural Exceptions policy in the JCS (Policy 13). The site was not assessed as HVI as part of the assessment work undertaken on these sites. The existing protection of the site is considered sufficient.
