## **Draft Health and Wellbeing Strategy 2012-15 Consultation**

This is an important strategy for people and organisations of Northamptonshire - nothing matters more to people than their own health and wellbeing and that of their families. Good health and wellbeing is, quite simply, vital to a safe, satisfying and successful life.

A formal consultation with all stakeholders on the strategy and local priorities will be taking place over the summer. Before initiating the formal consultation process the Health and Well-Being Board is seeking the views of the emerging locality Health and Well-Being Fora on the draft strategy, its intended outcomes and local priorities. We will therefore be grateful if you would take a few minutes to complete this questionnaire. The responses received will be collated in a report to the Health and Well-being board for its next meeting on 14 June.

Please read the draft Health and Wellbeing Strategy 2012-15 and your JSNA locality profile before completing this questionnaire.

1. Do you agree or disagree with what the draft Health and Wellbeing Strateg	v sime to
achieve?	y aiiiis to
