

New Key Performance Information Booklet

Issue 47

September 2012

# **Need Further Information?**

For further information on the contents of this performance booklet please contact Guy Holloway on 01536 534 243.

# Members of the Monitoring & Audit Committee:

If you want to go into further detail on any of the areas contained within the performance booklet at the Monitoring and Audit Committee, please contact either Ian White on 01536 534 200 or Anne Ireson on 01536 534 398 no less than 3 working days in advance of the meeting.

# Contents

|                                   | Page No. |
|-----------------------------------|----------|
| Financial Information             | 1        |
| Performance Information           | 2        |
| Housing rent arrears              | 3        |
| Staff sickness summary            | 5        |
| Complaints and Compliments        | 6        |
| Summary of Internal Audit Reports | 9        |
| Questions and Amendments          | 15       |

# **Financial Information**

For the latest Financial Information please refer to the Executive Report dated 12<sup>th</sup> September 2012, entitled '13a Maintaining a Durable Budget – Budget Policy and Monitoring'.

The report can be found online at the following link: http://www.kettering.gov.uk/meetings/meeting/1039/executive\_committee

# Summary of Internal Audit Reports Published

## Overall audit opinion and key control opinions

We have four categories by which we classify our overall audit opinion and our opinion of the individual key control areas. They are defined as follows:

| Substantial Assurance | The key controls in the terms of reference are being applied consistently and effectively and are being properly managed. No critical or high recommendations made.                                    |
|-----------------------|--|
| High Assurance        | The key controls in the terms of reference exist, but there is some inconsistency in their application.  |
| Limited Assurance     | Some key controls in the terms of reference do not exist and/or are not applied consistently or effectively.   |
| Minimal Assurance     | A significant number of key controls in the terms of reference do not exist and/or there are major omissions in the application of them. A significant number of risks are not being properly managed. |

## **Recommendation priorities**

We have four categories by which we classify our recommendations. They are defined as follows:

| CRITICAL | A top priority due to the absence of or non-compliance with fundamental control processes, creating the risk that significant error or malpractice could go undetected.   |
|----------|---|
| HIGH     | An important issue, which is needed to bring the internal control system up to an adequate standard or eliminate a serious level of non-compliance with an existing control process.  |
| MEDIUM   | An issue, which, if addressed, would contribute towards raising the standard of internal control to a level higher than adequate or help to reduce a less serious level of non-compliance with an existing control process. |
| LOW      | An issue that merits attention but is not a significant weakness in internal control. Such issues have been dealt with at the post audit discussion and, therefore, are not detailed in this report.                        |

# **Questions Log**

## **Questions raised at Committee on 10th June 2009:**

## With reference to NI 195, what is the difference between litter and detritus?

#### Litter

There is no statutory definition of litter. The Environmental Protection Act 1990 (s.87) states that litter is 'anything that is dropped, thrown, left or deposited that causes defacement, in a public place'. This accords with the popular interpretation that 'litter is waste in the wrong place'.

However, local authority cleansing officers and their contractors have developed a common understanding of the term and the definition used for NI 195 (and for the LEQSE) is based on this industry norm.

Litter includes mainly synthetic materials, often associated with smoking, eating and drinking, that are *improperly* discarded and left by members of the public; or are spilt during waste management operations.

#### **Detritus**

There is no statutory definition of detritus, however, local authority cleansing officers and their contractors have developed a common understanding of the term and the definition used for the NI 195 (and for the LEQSE) is based on this industry norm.

Detritus comprises dust, mud, soil, grit, gravel, stones, rotted leaf and vegetable residues, and fragments of twigs, glass, plastic and other finely divided materials.

Detritus includes leaf and blossom falls when they have substantially lost their structure and have become mushy or fragmented.

# For Council tax and NNDR collection can we provide information to show whether we will achieve the year end target?

For both LPI 9 and LPI 10 a profile target is now included in the performance report to show whether performance is on target each month. This is to help indicate performance for the year. For example if we are achieving the monthly profiled target then the year end target will be achieved.

# **Questions raised at Committee on 28th September 2010**

# Why are lower percentages better for NI 195a-d?

There had been some confusion around NI 195a-d and why lower percentages are better. The indicators highlight the % of land/highways that have levels of litter / detritus / graffiti / flyposting that are unacceptable, meaning that a lower figure represents cleaner streets, which of course is more desirable.

# **Questions Log**

## **Questions raised at Committee on 28th September 2010**

## Can in year figures for annual housing completions be included?

In year figures have been included in the Development Services Performance Information taken from the most recent Performance Clinic. This allows members to get a more contemporary position of performance.

## Can a year end estimate for the number of affordable homes be included?

Year end estimates for the number of affordable homes expected in the year have also been included.

Can we provide more contemporary comparative data to provide a better idea as to how the benefits service performance compares with others and also find out the impact the current climate is having on claims?

Head of Income and Debt will attend the next meeting in November to provide an update on performance.

# Amendments Log

## **Performance Update**

The following indicators have been removed from the performance report as they are no longer collected:

LPI 79a - % Benefits cases processed correctly

LPI 71a - The proportion of people paying Council tax by direct debit

LPI 71b - The proportion of people paying NNDR by direct debit

LPI 2a - Equality Standard for Local Government

NI 179 - Value for money - total efficiency gains for the year

NI 185 - % year on year reduction of CO<sup>2</sup> from Local Authority operations

NI 188 - Adapting to climate change

## Staff Sickness Summary: Issue 46 - June 2012

Following a request at the previous Monitoring & Audit Committee the 'LPI 12 - FTE Days Lost Due to Sickness Absence' and the 'FTE Days Lost Due to Sickness Absence - %age split between medically & self certificated' graphs have been removed.'
